

Educators Shaping Futures

Key Takeaways

Remember: There are multiple entry points to empower the teacher workforce

We've focused on two.

A decorative grid of small white dots is located in the top-left corner of the slide.

**But within these, we have
covered a LOT.**

Abstract, rounded teal shapes are positioned on the right side of the slide, partially overlapping the text area.

Initial teacher education

- Effective systems
- Field placements
- Incorporating data effectively
- Implementing a competency-based curriculum

Professional development

- Induction and mentoring
- Using leadership teams
- Empowering teachers to learn how to learn
- Incorporating innovation and technology
- Remedial and catch-up programs
- What keeps teachers engaged?

Cross-cutting topics

- Use of artificial intelligence
- Teacher well-being
- Pedagogies for large class sizes
- Within- and cross-country collaboration
- Reducing the teacher shortage

My big picture take-aways

1. It is possible to realize large gains in teacher effectiveness through initial teacher education and professional development.
2. There are practical, evidence-based solutions to many of the challenges we've heard this week.
3. We need to act AND continue to learn.

But what will we do?

What is one thing you will do as a result of this knowledge exchange?
